

# SOUND STRUCTURES WORKSHOP

## Mellon Humanities Corridor Sound Structures Workshop

Saturday, October 26, 2024 from 9:30 am to 5:30 pm  
The Sloan Auditorium (Georgen Hall Room 101)  
University of Rochester

The focus of this Mellon Corridor session is phonetic/phonological fieldwork and its relevance to associated fields of language documentation and corpus and computational linguistic linguistics. There will be a morning talk by Christian DiCanio, and the afternoon will have short talks by members of our Corridor community with discussion periods. There will be breaks for coffee, lunch, and dinner (RSVP required).

### Morning talk by Christian DiCanio:

Enriching Laboratory Phonology with Rich Language Data: From  
Documentary Fieldwork to Corpus Phonetics

## SCAN TO REGISTER

You must RSVP ahead of time to be included in the headcount for lunch and dinner.
